CAREER OBJECTIVE

Passionate about Software development, eager to kickstart my career in IT, where I can utilize my proficiency in Web Development, Python, Database, Java and PHP technologies to develop, scalable and user-friendly applications & Websites. Committed to continuous learning and growth, I am eager to contribute to the success of dynamic IT projects and expand my knowledge in the ever-evolving field of technology.

PROJECT

Netflix Clone

- Collaborated in a fast-paced, data-driven environment to enhance user experience.
- Developed and implemented innovative strategies to boost engagement and retention.
- Analyzed viewer data to inform content decisions and optimize performance metrics.

YouTube Clone

- Developed a responsive web app replicating core YouTube features.
- Implemented user authentication and video upload functionality.
- Integrated search with filters for improved content discovery.

Personal Portfolio

- Designed and developed a personal portfolio website to showcase projects and skills.
- Implemented responsive design for optimal viewing on all devices.
- Utilized HTML, CSS, and JavaScript for front-end development and interactivity.
